## DISTORTION-SC1

Thank you for spending time and money to buy this distortion pedal. The DIST-SC1 is designed for guitar with classic distortion effects. We have tried our best to provide you a high quality effect with the tone of warm and smooth style distortion. We hope that you will enjoy using it.

### Attentions

#### **Power Supply**

Please make sure your pedal is connected to an DC adapter with 9V ( $\pm 10\%$ ) voltage. Unplug the DC adapter when not using the product or during the thunder storm.

#### **Connections**

Please always turn off the power of the equipment when connecting or disconnecting with the pedal. It will help to prevent the damage cause to this product and other relevant equipment.

#### **Interference**

Radio and television which is placed nearby the pedal may cause reception interference. Please use the product in a suitable distance from radios and television.

#### **Location**

To avoid deformation, discoloration, or other damage to the product. Please do not expose the unit to the following conditions:

- Direct sunlight
- Heat sources
- Magnetic fields
- Extreme temperature or humidity
- Excessive dusty or dirty location
- High humidity or moisture
- Strong vibrations or shocks
